Accommodative Diabetic

Accommodative, heat-moldable prefab with P-Cell® top layer and Microcel Puff® bottom layer

P^3 Functional Kiddythotics®

Functional prefab made for children, with: a rigid polypropylene shell, 4/4 polypropylene rearfoot post, 4mm medial heel skive, deep heel cup, and medial flange. *Sizes are color-coded.* The **Kiddythotics Sizer Set** includes a single Kiddythotic in each of the sizes for easy sizing.

Matrix/Matrix Max AFO (code L1932)

Prefabricated AFO for non-spastic drop foot. Highly customizable with a height-adjustable and heat-moldable anterior shell, elongated lateral strut, grindable footplate, and two washable pads. The Matrix AFO, made of dynamic carbon and glass fiber, is designed for sedentary or smaller patients. The Matrix Max, made of rigid carbon and glass fiber, is designed for active patients. Either a prefabricated or custom, topcovered foot orthosis should be worn with the AFO.

Size	Tibia Height	Foot Length	Men's Shoe Size	Women's Shoe Size
